Something stupid happened

I'm not allowed to have my own cell phone so my dad forced me to use his phone number. My dad has a steam too and uses the same number. today my brother used my dads account and cheated and now my main account is VAC banned. It's true and here is proof, my father will now write too:

Hello I'm the father and what my son says is true, he did not cheat, it was his brother on my account. Please unban him valve

sincerely the father

Pls unban
